**2nd INFORMATION LETTER**

*Dear colleagues!*

The Organizing Committee of the international scientific conference «KEY CONCEPTS OF SOIL PHYSICS: DEVELOPMENT, CURRENT APPLICATIONS AND FUTURE PROSPECTS» thanks all colleagues who have expressed a desire to participate in the conference.

The site <https://lomonosov-msu.ru/rus/event/5470/> allows access to post your materials. The materials will be published in electronic form in the author's edition with assignment of the RSCI rating to the collection of articles. Please arrange the materials directly in the template form attached to this e-mail. The form contains formats, fonts, indents, and footers required for an electronic collection of articles of A4 format.

***Articles / theses are attached on the personal page of the registration form.***

## CONFERENCE PROGRAM

In connection with the end of registration of participants on April 1, the preliminary program of the conference will be presented in the next letter.

## REGISTRATION AND ORGANIZATIONAL CONTRIBUTIONS

Please note that due to changes in the tax legislation of the Russian Federation from 01/01/2019, the dates of payment of registration fees and organizational fees are shifted.

Requisites for which payment can be made will be presented in the next information letter and posted on the website before April 1, 2019.

## ACCOMMODATION OF PARTICIPANTS

The organizing committee recommends conference participants to reserve their accommodation in Moscow through booking services independently. We strongly recommend to do this as soon as possible, due to the beginning of the active tourist season in Moscow.

Here is a list of some hotels which are conveniently located (the organizing committee does not undertake to register participants).
