5. For more information, visit the Conference website on the "Lomonosov" Scientific Portal – <https://lomonosov-msu.ru/eng/event/7000/>. The site provides general information about the Conference, the topic and structure of each section, the requirements for abstracts, the registration and abstracts submission system.

6. Selection of Conference participants, as well as the determination of the best reports of the Conference is carried out by the expert councils of the Conference sections. The expert councils of the sections consist of leading scientists of Lomonosov Moscow State University. Selected participants are invited no later than three weeks before the Conference.

International competition for innovative projects and startups "Potential of the Future"

The purpose of the Competition is to stimulate youth entrepreneurial activity and assist in finding investors for innovative projects and startups. The age of the participants is 35 years old or less.

The final round of the Competition will take place online on April 20 – 22, 2021. For more information, visit the Competition website – <https://lomonosov-msu.ru/eng/event/6632/>. The site provides general information about the Competition, the main project evaluation criteria, recommendations for preparing presentations, the registration and projects submission system.

The international conference "Modern Technologies and Individual Educational Trajectories"

The objectives of the Conference are to discuss strategies for building human capital for the economy in the context of developing a digital society and a changing careers landscape, as well as a presentation of career guidance practices and technologies.

The Conference will take place online on April 16 – 17, 2021. For more information, registration and abstracts submission, visit the Conference website – <https://lomonosov-msu.ru/eng/event/6633/>

International Congress for Young Scientists

The objectives of the Congress are: the development the International League of Young Scientists – an open system of interaction between academic youth from different countries, a discussion and implementation of modern formats for international scientific cooperation, presentation and launching of international projects and startups.

International Congress for Young Scientists will take place online on April 20 – 22, 2021. For more information, registration and projects submission, visit the Congress website – <https://lomonosov-msu.ru/eng/event/6634/>

Eurasian Youth Forum "Eurasia – the Space of Cooperation, Peace and Harmony"

On April 12 - 23, 2021, Lomonosov Moscow State University will host the Eurasian Youth Forum "Eurasia – the Space of Cooperation, Peace and Harmony" in an online format. The Forum program includes:

1. Plenary session.
2. Round table with the participation of representatives of youth organizations of the branch campuses of the Lomonosov Moscow State University.
3. Interdisciplinary sections for students, graduate students and young scientists of the branch campuses of the Lomonosov Moscow State University.

For more information and registration, visit the Forum website – <https://lomonosov-msu.ru/eng/event/6636/>

International Space Forum, dedicated to the 60th anniversary of the first manned space flight

On April 13 - 16, 2021, the International Space Forum, dedicated to the 60th anniversary of the first manned space flight will take place at Lomonosov Moscow State University.

The event will be held in-person and online. Distance participation in the event is not available.

Topics of the Forum:

- Mathematical models in space exploration
- Mixed reality in aerospace systems
- Actual problems of space industry management
- Issues of economics and law in the space industry
- Theoretical and applied problems of earth remote sensing
- Physics of the Solar System
- Astrophysics and radio astronomy
- Space instrumentation and experiment
- Theory and modelling of physical processes
- Exploration of planets

For more information and registration, visit the Forum website – <https://lomonosov-msu.ru/eng/event/6586/>
